

UHESA LEGISLATIVE SUBCOMMITTEE

(Established February 2003)

The purpose of the UHESA Legislative Subcommittee is to assist UHESA in becoming a recognized and respected voice with the Utah Legislature on issues affecting higher education institutions and staff within Higher Education. This will be accomplished by:

- Compiling/organizing a method to communicate legislative information with staff across the state of Utah.
- Provide a central resource/sounding board for staff on legislative issues and voter information (i.e. Who is my Legislator? How do I register to vote? What are the issues affecting Higher Education this year?)
- Provide understandable and accessible on-site training in the Legislative process and how-to methods on becoming involved (best practice/ways of contacting your Legislators.
- Promote and encourage staff involvement in the Legislative process.
